CREATIVE BIOMART®
Assay Kit

Kinase Assay Kit - Ser/Thr 19 Peptide

Product Information

Cat

Kit-0934

Common Name

Kinase

Cat.No. Kit-0934

Description

A coumarin and fluorescein-labeled peptide substrate which can be used for kinase screening in an antibody-free format. This peptide is based upon a synthetic peptide substrate for NDR1.

Storage

Kinase Assay Kits contain all necessary reagents for performing primary or secondary screens. Most kit components should be stored at -20°C, and some kit components should be stored at -80°C. See COA for specific storage instructions.

Shipping

Dry Ice

Size

800 x 20 µL assays
