CREATIVE BIOMART®
Assay Kit

Sulfadimethoxine Detection Kit

Product Information

Product Overview

Drug / Contaminant Residue Detection Kits

Description

Developed for detecting Sulfadimethoxine residues in food such as meat, poultry, and seafood.

Size

48t/96t

Applications

- Detection of Sulfadimethoxine in animal products
- Routine monitoring in food production
- Drug residue compliance testing

Features & Benefits

- High specificity to Sulfadimethoxine
- Compatible with meat, liver, and aquatic samples
- Easy to perform in standard labs
- Quick turnaround for timely results
