CREATIVE BIOMART®
Assay Kit

L-Glutamine Assay Kit

Product Information

Cat.No. Kit-0513

Product Overview

To measure L-glutamine removing effect of L-glutaminic acid.

Description

This product is a measurement kit of L-glutamine using L-glutamate acid oxidation enzyme 1). Even if L-glutamine coexists with L-glutamate acid in a sample, it can specifically assay only L-glutamine. In addition, it can assay L-glutamine by the operation that is simpler than a method with L-glutamate acid dehydrogenase. All the necessary reagents are set, and a cage, R1 enzyme reagent liquid and the R2 enzyme reagent liquid are in condition to be usable immediately.

Storage

4°C

Kit Components

1. R1 enzyme reagent liquid: 1 vial, 30mL;2. R2 enzyme reagent liquid: 1 vial, 30mL;3. L-glutamine standard solution: 1 vial (lyophilized)
