CREATIVE BIOMART®
Assay Kit

Calcium Stain Kit (Alizarin Red S Method)

Product Information

Product Overview
Alizarin Red S chelates calcium salts, forming an orange-red complex. This method is sensitive for detecting small calcium deposits and is commonly used to assess pathological calcification. A green counterstain enhances tissue contrast.
Size
2*50 mL
Storage
Store at 2–8 °C, protected from light. Shelf life: 6 months.
