CREATIVE BIOMART®
Assay Kit

Coenzyme II NADP(H) Content Assay Kit

Product Information

Product Overview

The Coenzyme II NADP(H) Content Assay Kit enables quantitative determination of total NADP⁺/NADPH or reduced NADPH levels in biological samples. Based on an enzymatic cycling or colorimetric reaction, the assay provides high sensitivity and reproducibility, making it suitable for studies of cellular redox status, metabolic pathways, and oxidative stress.

Size

50t/48s

Storage

Store at -20 °C. Shelf life: 6 months.

Detection method Spectrophotometer
