CREATIVE BIOMART®
Assay Kit

Avian Influenza Virus H7 Antibody Detection Kit

Product Information

Product Overview

Virus Antibody Detection Kits

Description

Designed to identify antibodies against the Avian Influenza Virus H7 subtype, this kit helps poultry producers stay ahead of potential outbreaks.

Size

48t/96t

Applications

- Epidemiological studies of avian influenza
- Supporting safe trade of poultry

Features & Benefits

- Specific detection of H7 subtype
- Suitable for use in various poultry species
- Simple protocol for high-throughput labs
- Reliable results with minimal cross-reactivity
