CREATIVE BIOMART®
Assay Kit

Pseudorabies Virus (PRV) gD Antibody Detection Kit

Product Information

Product Overview

Virus Antibody Detection Kits

Description

Detects antibodies against the gD protein of PRV, a key marker in PRV surveillance and differential diagnosis.

Size

48t/96t

Applications

- Post-infection serological analysis
- Monitoring gD-deleted vaccine programs

Features & Benefits

- Ideal for DIVA (Differentiating Infected from Vaccinated Animals) strategies
- High detection precision
- Easy interpretation of results
- Suitable for routine and research use
