CREATIVE BIOMART®
Assay Kit

Fast Giemsa Stain Kit, for Eperythroid

Product Information

Product Overview

The Fast Giemsa Stain Kit (for Erythroid) is optimized for rapid staining of erythroid cells and blood or bone marrow smears. This kit provides clear nuclear and cytoplasmic contrast, allowing effective differentiation of erythroid lineage cells at various developmental stages. It offers consistent staining quality and is suitable for hematological research and routine laboratory analysis.

Size

250 mL*3

Storage

Store at room temperature, protected from light. Shelf life: 1 year.
