CREATIVE BIOMART®
Assay Kit

Saffron-O and Fast Green Stain Kit (for Plant)

Product Information

Product Overview

Safranin O–Fast Green staining is a classical method for observing plant tissue morphology. Safranin O stains lignified, suberized, and cutinized tissues, while Fast Green stains cytoplasm and cellulose-containing cell walls.
This plant staining kit features stable reagents, simple operation, and is suitable for paraffin sections of roots, stems, and leaves of higher plants.

Size

2*50 mL

Storage

Store at room temperature, protected from light. Shelf life: 1 year.
