CREATIVE BIOMART®
Assay Kit

Acetylcholinesterase Stain Kit (Metal Precipitation Method)

Product Information

Product Overview

True cholinesterase hydrolyzes a specific substrate to release thiocholine, which forms primary metal precipitates at enzyme activity sites. Secondary precipitation enhances localization accuracy. Enzyme-positive sites appear as brown-black granules.

Size

3*20 mL

Storage

Store at -20 □, protected from light. Shelf life: 6 months.
