CREATIVE BIOMART®
Assay Kit

Glycogen Periodic Acid Schiff (PAS) Stain Kit (for Cells)

Product Information

Product Overview

This PAS staining kit is optimized for cellular samples. It features stable performance, high specificity, and a simplified protocol requiring approximately 1 hour. Lower concentrations of oxidant and hematoxylin improve compatibility with cultured cells and ultrathin tissue sections. No acid–alcohol differentiation step is required.

Size

5*20 mL

Storage

Store at 2–8 °C, protected from light. Shelf life: 6 months.
